

20th IMEKO TC2 Symposium on Photonics in Measurement

May 16-18, 2011, Linz, Austria

Call for Papers

We announce with pleasure that the 20th IMEKO TC2 Symposium on Photonics in Measurement will be held in Linz, Austria, the European Capital of Culture 2009. The symposium is organized by the Institute for Measurement Technology of the Johannes Kepler University Linz in cooperation with IMEKO TC2. We intend to provide a forum for the discussion of the latest research in optical measurement techniques.

The academic topics of the symposium include, but are not limited to:

- ▶ Interferometry
- ▶ Spectroscopy and Scattering Techniques
- ▶ Optoelectronic Sensor Technologies
- ▶ Optical Measurement in Micro- and Nanotechnologies
- ▶ Laser Speckle Techniques
- ▶ Deflectometric Measurement
- ▶ LED and OLED Technologies
- ▶ Structured Illumination Techniques
- ▶ Image Sensing (Camera-Based Sensors)
- ▶ Fibre Optics and Photonic Crystals
- ▶ Simulation and Optic Design
- ▶ Optical Testing Techniques
- ▶ Image Processing
- ▶ Terahertz Techniques
- ▶ Application of Sensors

Authors are invited to submit a previously unpublished extended abstract (up to 2 pages) in English via e-mail to imeko2011@jku.at. All submissions will be peer reviewed by the international programme committee. The template as well as further information is available at <http://www.jku.at/conferences/imeko2011>.
